Based on the ever popular liner style of the interactive television HUGO™ franchise, which we know the target audience loves to play. Agent Hugo: Operation Lemoon Twist™ developed for PS2, PC and Wii will build on the basic mechanics of the interactive television DVD's.

With brilliantly coloured levels, lush environments boasting true diversity of shape and texture and with a variety of puzzles, challenging enemies, obstacles, traps and of course HUGO's humorous looks and comments. These all combine to make this a fantastic fun adventure. You'll never be able to leave it down.

THE STORY

The Mission

The criminal mastermind Dr Hypno is making devious plans to take over the world by hypnotising every living organism with his latest invention – the hypno-satellite.

Once in orbit the satellite will cover the world in hypnotising rays rendering all life on earth powerless allowing Dr Hypno to rule the world FOREVER!

Miss Alltoobright, the leader of R.I.S.K. (Risky Intelligent Spy Knights) has set up a team to conquer his evil plot.

They are facing their most difficult challenge when Agent Hugo™ is sent on a top secret mission to find Dr Hypno's secret island fortress and put a stop to his horrifying plan.

On his way Agent Hugo™ will be facing various obstacles as the hyper-mad-hypnotised minions are spellbound to do anything to obstruct his mission.

Hopefully the courageous effort of the team will make them succeed and knock out Dr Hypno's crazed hyper-mad-hypnotised minions, allowing Agent Hugo™ to destroy Dr Hypno and save the world – before it is too late.

Good luck Agent Hugo™... this time you'll need it.
